Namakkal, Tamil Nadu

PROFESSIONAL SUMMARY

Graduate with hands-on experience in Full Stack web Development using Python, Django, HTML5, CSS3, JavaScript, and SQL. Skilled in building responsive web applications, CRUD operations, and database management. Experienced in front-end/back-end integration, application testing, and deployment. Seeking an entry-level developer role to apply problem-solving skills and contribute to scalable web solutions.

TECHNICAL SKILLS

- Programming Languages: Python (Basics, OOPs, File Handling)
- Frontend Technologies: HTML5, CSS3, JavaScript, JQuery, Bootstrap
- Backend Frameworks: Django, MVC, Django ORM
- Database Management: MySQL, SQLite (CRUD Operations)
- Tools & Platforms: VS Code, IDLE , Github

PROJECTS

E-Commerce Website | HTML, CSS, JavaScript, jQuery, Bootstrap | Livewire

- Developed a pixel-perfect Swiggy clone using HTML5, CSS3, and Bootstrap 5 with a fully responsive navbar, hero section, and multi-column footer layout.
- Implemented interactive food category sliders and grocery carousels using Vanilla JavaScript (DOM manipulation, scrollBy) and jQuery (animate, scrollLeft) for smooth UX.
- Designed responsive UI components including CSS Grid-based city sections, Flexbox navigation and mobile first media queries for cross-device compatibility.

Library Management System | Python, Tkinter(GUI), SQL, CRUD Operations | Livewire

- Developed GUI-based application with CRUD operations for student registration and book reservation, integrated MySQL database for real-time inventory tracking.
- Implemented Treeview-based data display with exception handling and input validation, ensuring data integrity across relational database operations.

Product Management System | SQL Database, Primary & Foreign Keys and Joins | Livewire

- Built a normalized MySQL database (7 tables) with foreign keys, ENUM validations, and auto-calculated fields, and wrote SQL queries using JOINS and GROUP BY for real-time inventory tracking and sales analytics.

EDUCATION

Bachelor of Science in Computer Science	2022-2025
Kandaswami Kandar's College, Tamil Nadu	CGPA:7.0

CERTIFICATIONS

Python Programming Internship Ichnographic Private Limited	May 2024 – Jun 2024
Master Program in Full Stack Development (Python) Livewire, Salem	Jul 2025 –Jan 2026
